

Penn CURF
CENTER *for* UNDERGRADUATE RESEARCH & FELLOWSHIPS

FALL RESEARCH EXPO

Monday, September 16, 2024
5:00 – 6:30 pm
Houston Hall

The University of Pennsylvania's Center for Undergraduate Research and Fellowships is the University's hub for undergraduate student research, as well as the launch pad for Penn students seeking to apply for nationally competitive scholarships and fellowships

Welcome to CURF's Research Expo!

Over 350 undergraduate researchers are eager to share their research with you. We hope you enjoy learning about the array of opportunities embraced by undergraduates at one of the world's leading research universities.

Interested in getting involved in research and/or fellowships at Penn?

Visit us at curf.upenn.edu for more information about individual advising and peer support opportunities

CURF Programs and Academic Initiatives

The President's Engagement Prize (PEP) supports students with financial support for both living and project expenses to develop and implement a promising local, national, or global initiative

The President's Innovation Prize (PIP) provides living and project expenses to envision and implement an innovative commercial venture to make a positive difference in the world

The Penn Undergraduate Research Mentoring Program (PURM) matches students with faculty researchers from across all twelve schools

The Summer Humanities Internship Program (SHIP) provides students with apprentice positions in a cultural, historical, or archival setting

Jumpstart for Juniors provides students the opportunity to gain invaluable investigative skills in the summer after their junior year

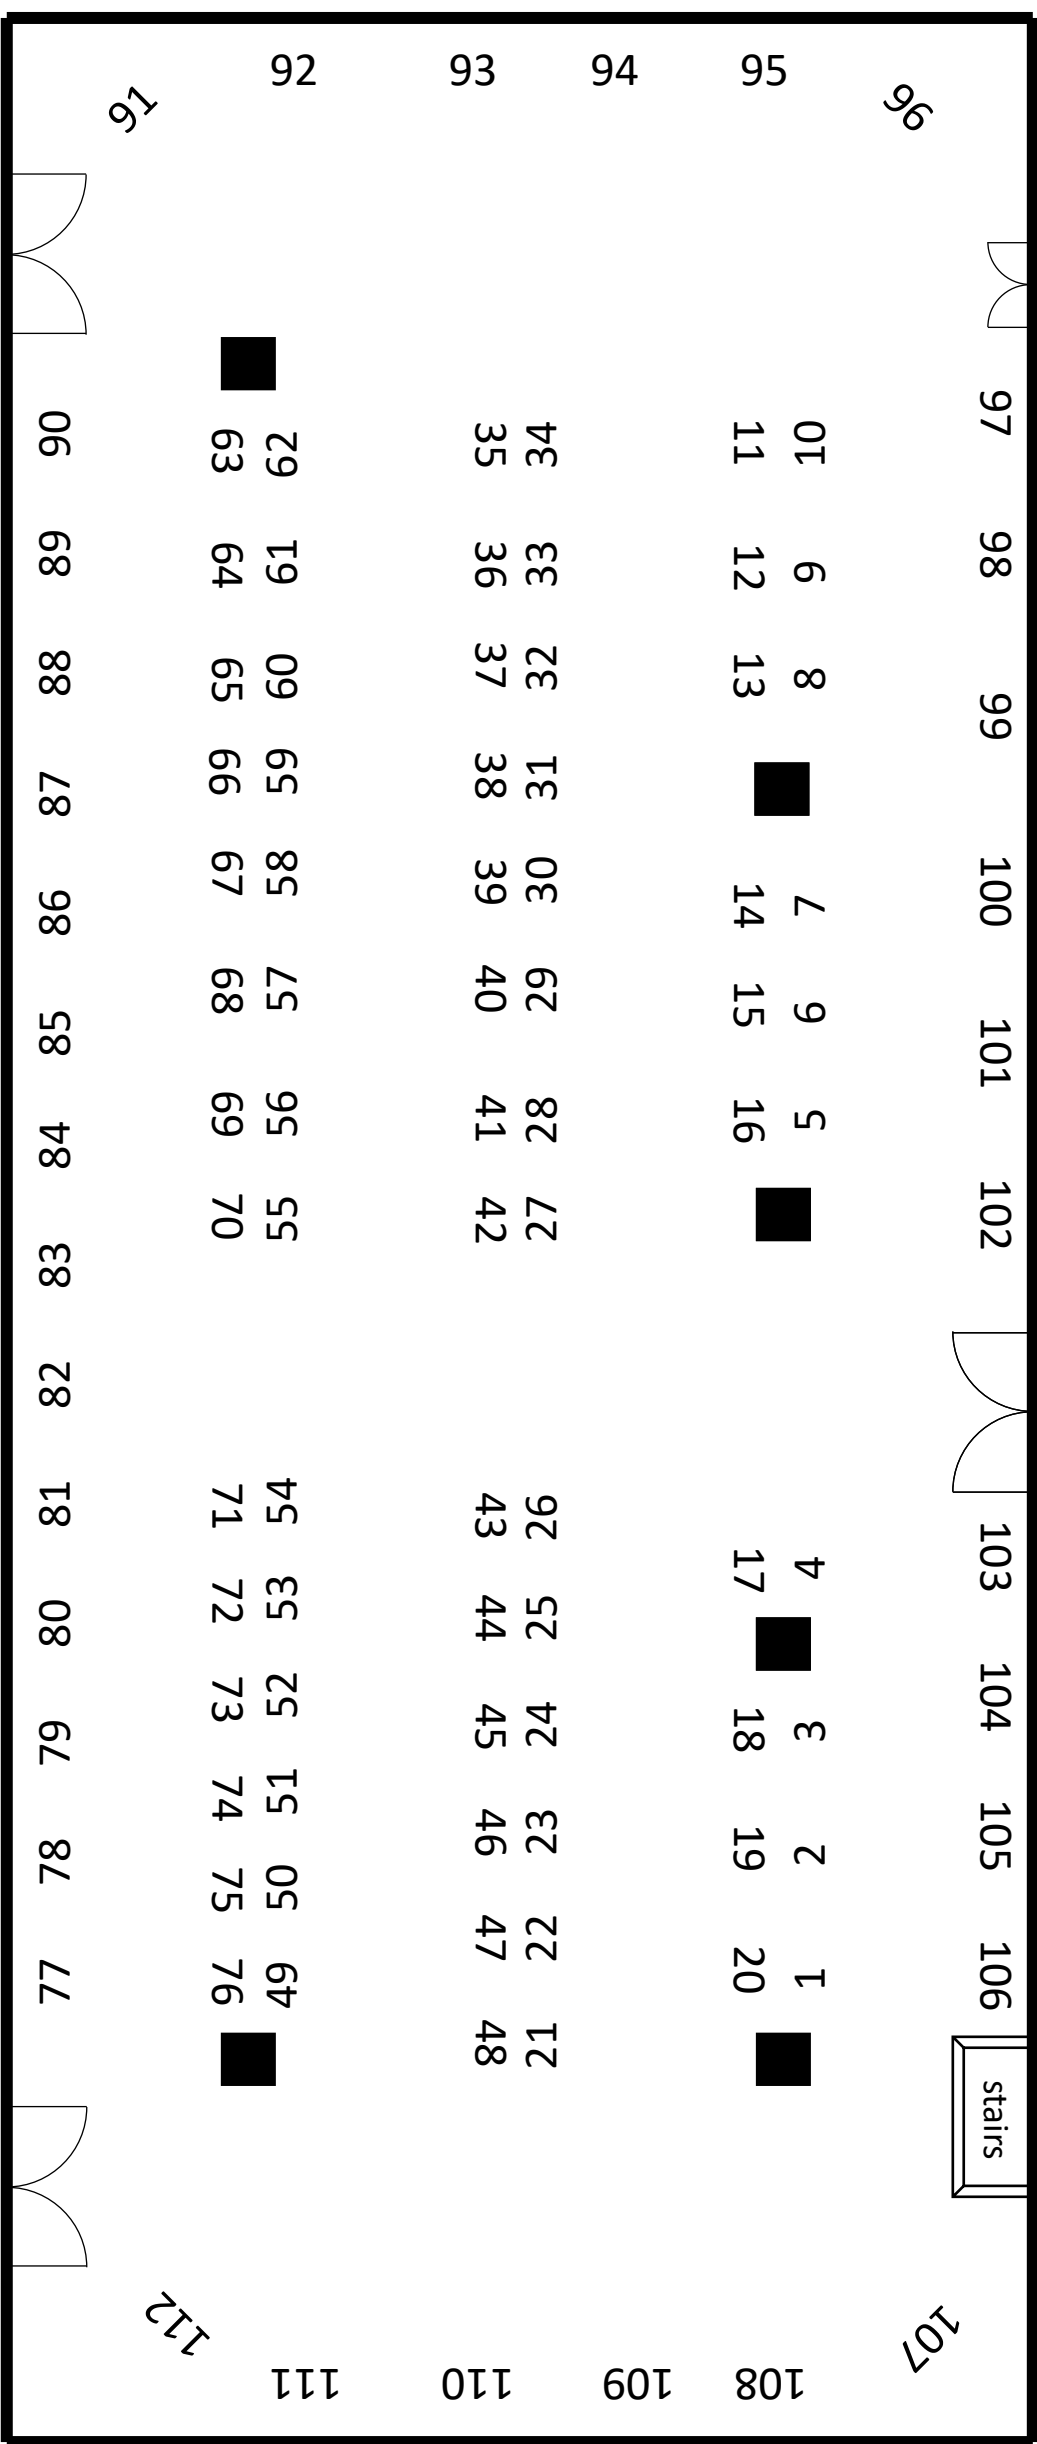

The University Scholars Program provides support for in-depth research during their undergraduate career

The Benjamin Franklin Scholars Program offers intellectually stimulating small seminars

and many more!
